Junior Digital Marketing Specialist | Technical Media Buyer

Growth-oriented Digital Marketer with a Computer Science background and 1.5 years of experience driving ROI in the e-commerce sector. Expert in bridging the gap between technical tracking (GTM, GA4, CAPI) and creative campaign strategy. Proven ability to manage multi-platform paid ads (Meta, TikTok, Google) while maintaining a high standard for visual storytelling and brand consistency. Passionate about scaling both B2B software solutions and B2C consumer brands through data-driven experimentation.

Experience

Hook Agency

Cairo, Nasr City
June 2026 - Now

Performance Marketer

- Led paid acquisition efforts for **B2B** at the company, shifting its strategy from producing organic leads to acquiring scalable paid leads within a virgin “blue ocean” market of Egyptian clothing manufacturing.
- Built out B2B marketing funnels that matched factories with local brands and offline sellers based on competitive research completed over the first month.
- Led the testing of ads on Meta platforms and achieved **100+ B2B leads** in the **first 30 days** of campaign launch while tweaking the targeting criteria to ensure only high-quality leads were sourced.
- Managed performance reporting and optimization of campaigns, setting up paid benchmarks and laying out the framework for scaling.

Performance Marketer

- Scaled monthly revenue from 0 to avg **90,000 SAR Per Month** within the first six months of brand launch through aggressive performance marketing strategies.
- Managed end-to-end Meta Ads campaigns (Facebook & Instagram), maintaining a **consistent 3.5x ROAS** (Return on Ad Spend) while optimizing for high-intent audiences.
- Engineered full-funnel advertising strategies, including **A/B testing** creative assets and refining audience targeting to reduce Customer Acquisition Cost (CAC).
- Executed the complete technical setup of the marketing ecosystem, including Meta Pixel and Conversions API (CAPI) integration on **Salla** to ensure accurate data attribution and bypass tracking limitations.
- Led the creative strategy by collaborating with **UGC creators**; developed high-converting hooks, defined target customer avatars, and tested various marketing angles to lower CPA.

Fadaa Agency
